**UNLOCK
YOUR
POTENTIAL**

Help your child with maths homework KS1 & 2

This practical course is designed for parents of primary aged children to give an overview of how

Maths is taught at school. You will receive free resources and visual aids to take away to use with your child. The course will also signpost parents to further resources.

*No formal qualification is needed,
just a passion to learn and help your child.*

**Langley College, Station Road,
Langley SL38BY**
