

Peek at the Week

Nursery – 5th July 2024

Our Learning

Personal, Social & Emotional Development

As part of our Jigsaw PHSE programme, we have been talking about how we all start as babies and grow into children and then adults. We have been reading the story of 'The Very Hungry Caterpillar' and have learnt how caterpillars transform into butterflies and have also been learning the names of baby animals. Can you remember what a baby goat is called?

Communication & Language Development

We have been reading the story 'of Lucy Ladybird' this week and have been using different words to describe textures. Can you find some items at home that are shiny, smooth, dazzling or sparkling? Just like the spots Lucy Ladybird was given by her friends.

Physical Development

We have been using our fine motor skills to squeeze pipettes full of soapy water onto our beanstalks. Hopefully the soapy water will help the aphids from eating our plants!

Sports Day: 18th July

10am for AM parents

2pm for PM parents

Parents of 30hr children can choose which one they would like to attend.

Please ensure that children come to school in trainers each day. They have a very active curriculum and for health and safety purposes, trainers are the best!

Den Making in the garden.

Den building gives children the opportunity to negotiate, problem solve, resolve, manage and work as a team.

Child of the week: Tahara for being more confident, talking more in Nursery and being a kind friend.

Please share this video and encourage your child to watch and follow. The 'Circle of Life' story massage
