

Peek at the Week

19.01.24

What an exciting week in Reception - learning all about Space! The children were very excited to discover a Space Station had arrived, and have been developing imagination and storytelling through role play.

Things to remember:

- Please send in an empty plastic with your child on Monday for a crafty project!
- Book bags due in on Wednesday.
- PE is on Tuesday and Thursday.

Our Learning

Communication & Language Development

This week we have continued Spring 1 of [Little Wandle](#), as well as recapping the digraphs (two letters making one sound) learned before Christmas. Our new digraphs are: **oo, oo, ar** and **or**. The children are doing really well with their tricky words: *was, you, they!*

Phonic information for Parents [here](#)

Maths

We have been exploring weight and mass – using vocabulary such as “heavier” “lighter” and “capacity”. The children enjoyed the story “Who Sank the Boat!” by Pamela Allen.

Literacy

We have been developing our letter formation, by drawing and writing what we would take with us into space.

Physical development

This week we were inspired by Astrid in ‘Astro Girl’ and put our measuring skills to the test when creating our own playdough cookies! All the kneading and rolling was a workout for our hands!

Reception song of the week:

[The Solar System Song](#)

Well done to our Reception Children of the Week!
