### Our Learning

#### English

This week the children have continued to read the story "Oliver's vegetables". They have been encouraged to match vegetables with the day of the week. They have been focusing on using shape-coding to create sentences of *WHO/WHAT is WHAT LIKE*.

#### Maths

The children have practised counting using fingers and manipulatives. The focus has been counting and writing numbers up to eight. The children have been encouraged to compare numbers and identify "greater than" and "less than".

#### Provision

This week the children have explored fruits and vegetables with their senses of taste and smell. They have made a fruit collage after appreciating artworks of the artist Giuseppe Arcimboldo. They have also explored things they can see in Spring.

**Star of the week**

Pears: Rosie Oranges: Inaya Apples: Talha Plums: Cayden Cherries: Zarah

**Word of the week:** vegetables/fruits
