

Peek of the Week

The Orchard –4th March 2022

Our Learning

Welcome back children!

English

The children have started their new book, "Oliver's vegetables". This week in class the children have been reading the book and completing mini-activities relating to the book.

They have also been learning the name of different vegetables.

Maths

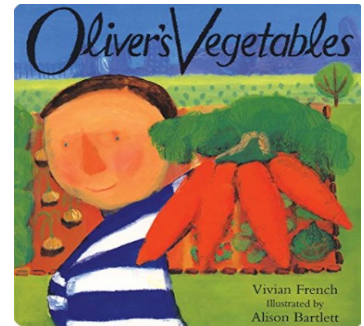

In Maths they have been doing some shapes activities to consolidate what they already knew.

Children sorted different shapes and they have also drew the shapes using different materials such as sand...

Provision

This week the children have been looking at different vegetables. They have had lot of fun.

They have done vegetables print, they have also explored fruits and vegetables and they've learnt the different parts of the plants.
