 - Lunchtime Concert - 19th June
 - Young Carers Trip to Chessington - 19th June
 - Lunchtime Concert - 20th June
 - Year 5 Burnham Grammar Science Afternoon - 21st June

Our Learning

This week: In maths, we have been learning about finding one half of a quantity and a quarter of shapes and objects.

In English, the children designed their own plants for Joe's garden and wrote a letter to Joe describing their plant.

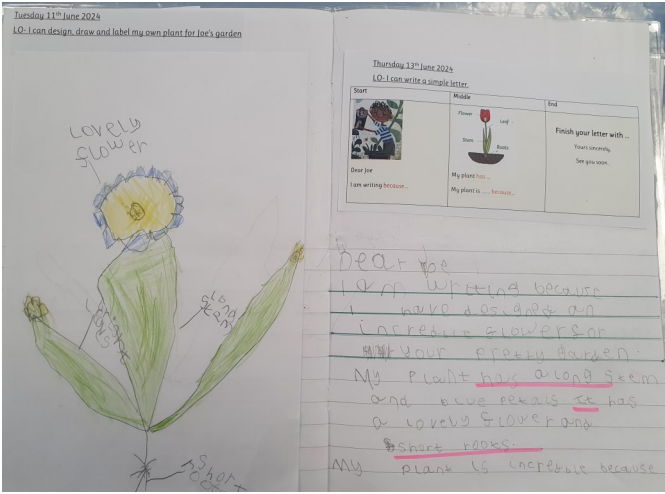

In Science, the children planted cress and sunflower seeds. We went on a nature walk around the field and made observational drawings.

Next week : In maths, the children will find a quarter of different quantities and will start to use directional language to describe turns.

In English, the children will be looking at the features of instructions and writing their own set.

If you are celebrating Eid, we wish you a joyous celebration.

Have a good weekend!
