 - INSET - 3rd - 4th June.

Our Learning

This week: In maths, we have been learning about equal groups in multiplication. We spoke about what equal and unequal meant and used repeated addition to add the groups.

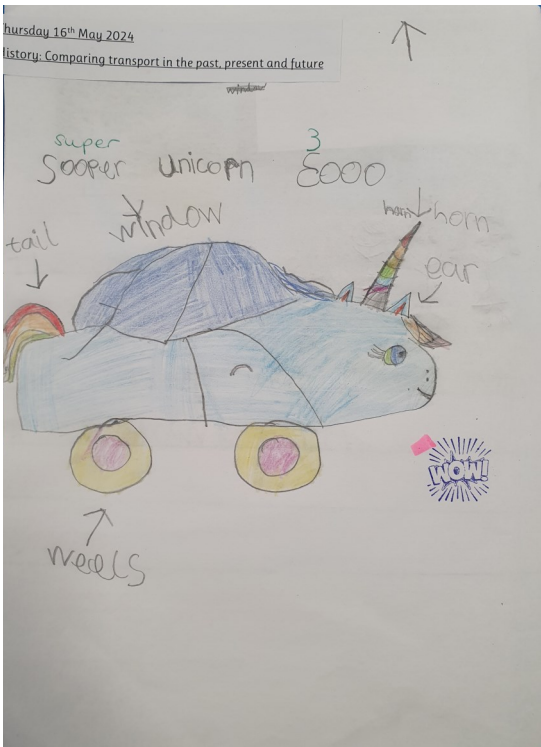

In English, we wrote our own stories based on Mr Gumpy's Motor Car. The children created their own problem in the story.

In History, we finished learning about transport in the past ready for our school trip next week! We designed our own transport for the future.

Next week : In maths, we will continue to use repeated addition to add equal groups and will practise counting in 2s, 5s and 10s.

In English, the children will be being assessed on Summer 1 Little Wandle Phonics.

Wednesday 22nd May is the Year 1 trip to Bekonscot. Please send your child in with a drawstring bag/ rucksack to hold their lunch in during the day.

Star of the week

1Donaldson: 1Jeffers:

Words of the Week: mind, child, wild, later, baking, eye, show, grow, through, thought
