

Peek at the Week

Year 1 – 19th April 2024

- ### Important Dates / Reminders
- Please send children in with a water bottle.
 - Children cannot order the orange option for lunch in KS1.

Our Learning

This week: In maths, we have been learning about length and height. We measured items around the classroom using objects, including cubes.

In English, we began reading *You Can't Take an Elephant on the Bus*. We wrote down reasons why you can't take an elephant on the bus using the conjunction 'because'.

In Geography, the children started looking at transport and transport hubs in the local area.

Next week : In maths, we will be looking at mass and volume. We will start comparing and measuring mass.

In English, we will continue to read *You Can't Take an Elephant on the Bus* and will be choosing animals to go on different types of transport.

In Geography, the children will be using junk modelling to create their own transport hubs.

We will be completing a mock Phonics screening.

Star of the week
