Word of the Week: connection

Follow this link to find more super daily activities: www.morningchallenge.co.uk/

Star of the week:

This will continue next week.

Dates for the diary:

Windsor Castle trip– Monday 20th March.

Our Learning

This week, Year 2 have had great fun investigating different connections in science. We participated in activities in small teams to design and build a bridge strong enough for our toy car to cross. In another activity, we were fascinated to see how the kitchen towel absorbed the coloured water from our cups. Also, we explored how the bicarbonate of soda reacted with vinegar to make carbon dioxide gas which made the raisins dance!

Next week, the children are going on their trip to Windsor Castle. They need to remember to bring a small backpack, a waterproof coat and they can wear trainers. Also, please can you ensure that your child comes to school promptly at 8:30 as we have to leave straightaway. Later in the week, the children will be writing their recount of the trip. In Maths, we are going to be looking at odd and even number and applying our knowledge of times tables to word problems.
