

## Peek at the Week

### Year 2– 25th November

#### Our Learning

This week, the children have been writing postcards about Anna Hibiscus's holiday. We have been reading the story to obtain the evidence about whether Anna had a good holiday and then use this information to write a postcard to Anna's friend at home.

In maths this week, the children have been becoming familiar with the number square. The children have been looking at what happens when you add ten on the number square.

Next week, the children are going to be moving on to adding on blank number lines. It is important that the children only add in ones and tens so that they add accurately.

In science this week, we have been looking at what makes a healthy lifestyle and what you need to survive.

Next week in art, we are going to be looking at African art and the children are going to really enjoy doing some mono-printing.

Please continue to practise handwriting and counting in 2s, 5s and 10s at home!

#### Important Dates / Reminders

Children should complete one piece of homework each week from their new Autumn 2 Homework Menu.

Spelling test is on a Friday.

Please remember that children need to wear P.E uniform every Wednesday and if they are doing a club after school then they need to bring their P.E uniform in a named bag on the day of the club.

Children should only have water in their water bottle for school.

Star of the week

2Hawking: Shannon

2Newton: Liah

2Franklin: Avitej

Word of the week: life cycle—the different stages of life for a living thing.
