Coronation celebrations

This morning the school enjoyed a special coronation assembly. This afternoon year 3 have completed various activities to celebrate the coronation of King Charles this weekend. The classes worked collaboratively to create an image of the new king.

English

This week we have explored the actions and motives of Theseus after he defeated the Minotaur in battle. We have practised using the 'show not tell' technique to give subtle clues about how a character is feeling and we have focused on using the correct punctuation for dialogue. Next week we will finish reading the myth and we will share our opinions of the ending. We are really looking forward to finding out what happens.

Maths

Our magnificent mathematicians have started their block of lessons on Money. The Year 3 team have been impressed with the children on their knowledge of money. They have also used practical resources to help them with working out word problems in their workbooks. This week, the children have learnt all about Converting Pounds to Pence, adding money and recalling the different types of notes and coins used in the United Kingdom. Next week, the children will continue with subtracting money and finding change.

PSHRE

This half term the unit the children are studying is Relationships. We have learnt the term stereotype when deciding which roles /jobs are suitable for either men or women. The children also have made decisions on how to resolve conflicts with our friends. Next week, we will be learning how to stay safe online.
