- **Tuesday 31st October–** Halloween Fancy Dress

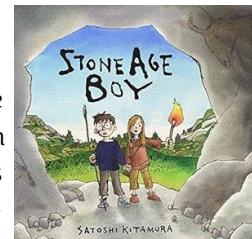

Learning together week

Thank you so much to all the parents that attended the learning together mornings this week. We hope you gained an insight as to the way your children learn in year 3 and that you also learned something new. If you were not able to attend this week, please keep an eye out for future learning together mornings.

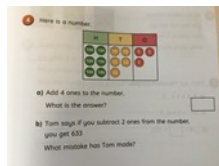

Our Learning

English

This week we have started to read our new text 'Stone Age Boy' by Satoshi Kitamura which the children are really enjoying. They have written some very imaginative sentences describing the start of the main character's adventure, Language features include adjectives, precise verbs and repetition for effect. Next week we will use drama to help us explore life in the Stone Age camp

Maths

This week, the children have applied number bonds within hundreds, tens and ones as well as using known number facts to create fact families. The children have also added and subtracted 1s, 10s and 100s.

Next week they will focus on spotting patterns in related calculations.

History

The children are really enjoying our new topic about the Stone Age and they have shown tremendous enthusiasm in our history lessons this week. They have explored a variety of pre-historic objects and they were able to look for important clues to help them identify the function of each item. We were very impressed with their observational skills! The children have also written some excellent questions that they would like to find the answers to.

Year 3 education visits to Field Studies Council

These trips will be cancelled if payment is not made by Monday 9th October 9am.

Star of the week

3 Rashford: Zain

3 Moore: David

3 Wicks: George
