

# Peek at the Week

## Year 3 – 15.07.22

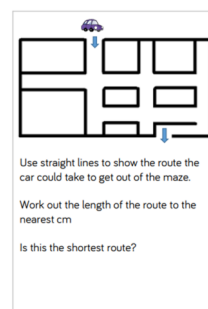

### Our Learning

#### English

This week, we used the research from last week to write our own non chronological report on beetles. The children decided what their non chronological report would contain and wrote, then edited, their report with useful and informative facts about beetles.

#### Maths

This week we have compared angles, learnt and applied knowledge about zontal and vertical lines. Try this challenge with your child.

and hori-

#### PSHRE

This week we learnt about the "invisible" changes that happen when a boy and girl start to develop from a baby to an adult.

#### Geography

We have concluded our geography unit by continuing to learn about biomes and different world climates. We then looked at similarities and difference between the UK and Amazon rain-forest climate.

### Important Dates / Reminders

- 20th July–**end of term**. Collection on this day is **11.45am**. It would be greatly appreciated if you can ensure your child is collected at this time promptly.
- 1st and 2nd September 2022–**Inset days**
- 5th September–**start of term**

### Summer Reading challenge 2022 Gadgeteers

The Summer Reading Challenge 2022 is here! Join the Gadgeteers for a summer of reading fun that will inspire you to discover the amazing science and innovation behind the world around you!

### Library books

Please can your child return any library books that they have checked out from the school library. Thank you.

### Doodle maths

As a year group, we are not completing many doodle maths activities. This is a fantastic resource to help with your child's maths learning. Hopefully, year 3 will have better participation with doodle maths for next week.

### Year 6 summer fayre–15 07 2022

Thank you for all your support with the summer fayre. A fantastic event well planned by our year 6 children.

### Star of the Week

**Rashford:** Max    **Moore:** Kensi    **Wicks:** Connor

**Words of the Week:**                      biome    climate
