Priory Friends Easter raffle– Please purchase your £1.00 raffle ticket from your child's class teacher to win a prize!

Homework

A reminder that homework is given out every Friday and is due back the following Thursday. We are finding that many children are forgetting to bring their homework back by Thursday.

Please do remind your child to do so as this gives us an opportunity to assess their work prior to marking it. A reminder that your child should be completing their choice of activity from the homework grid every week.

Our Learning

English

This week in English we have been exploring pour-quoi stories from around the globe. These are tales which explain how or why events happen (such as why the mosquito buzzes). Next week we are looking forward to writing out own pourquoi stories.

Maths

This week we have completed our unit on Statistics and we have begun a new unit about Length and Perimeter. The children have drawn and interpreted different bar charts and tables. They have also measured lines of different lengths in centimetres and millimetres.

RE

This half term we are looking at the question "What is Good about Good Friday?" We learnt about the last supper and how Jesus was betrayed by one of his disciples.

Geography

This week we have discussed the water cycle and the role of rivers in that cycle. The children enjoyed drawing a labelled diagram to show the water cycle and they have also begun to explore the causes of flooding.
