### THANK YOU

To all the parents that came to the Learning Together morning last week. We enjoyed having you in our classrooms.

### Our Learning

#### English

We have now come to the end of 'The Happy Prince'. What a sad ending it was! In our English lessons, we have explored the feelings and inner thoughts of the main characters in the story and we have used onomatopoeia to describe the sounds of winter. Next week we are looking forward to planning our own version of the story.

#### Maths

This week, our Mathematicians have used partitioning to divide a 2-digit number by a 1-digit number. They have practised using their knowledge of times-tables facts to partition the number into multiples of the number they are dividing by. They have also begun to divide with remainders, using practical equipment to support them.

#### Science

This week we have begun a unit about Forces  and the children have investigated where they can see forces in action in the classroom. They enjoyed finding things in class that they could move by pushing, pulling or twisting. They have also identified objects that use more than one force to make them move, such as riding a bike or opening a door.

### Star of the week
