Headteacher's News

Dear Parents and Carers,

As we head into the final stretch of the summer term, I want to thank all our families for your ongoing support during this busy period. There's a lot going on both in and out of the classroom, and your partnership makes a huge difference.

Parent Surveys – Have Your Say.

A huge thank you to everyone who has already completed our parent surveys. If you haven't yet, please do take a few minutes to share your feedback. Your views are incredibly important as we review our School Development Plan and shape priorities for the year ahead.

General Parent Survey – for all families at Priory School:

<https://forms.office.com/e/JDP6kGChYz>

SEND Parent Survey – for families of children with Special Educational Needs or Disabilities: <https://forms.office.com/e/W6SE0mqZ4L>

Both surveys are quick to complete, and your voice really does help us continue to improve.

Staying Safe in the Heat

With very warm weather forecast this weekend, please take extra care to keep your family safe in the sun. Key advice includes:

- Apply sun cream before heading outside and reapply regularly.
- Wear a sunhat and loose, light-coloured clothing.
- Stay in the shade as much as possible, especially between 11am and 3pm when the sun is strongest.
- Drink plenty of water to stay hydrated–this is especially important for children.
- Never leave children or pets in parked cars, even for a short time.

Water Safety Matters

Hot weather can make rivers, lakes, and beaches very tempting–but they can also be dangerous. Please speak to your children about water safety:

- Don't swim in open water such as rivers or reservoirs unless it is a designated swimming area with lifeguards.

Cold water shock can affect even strong swimmers—enter water slowly and never jump or dive in.

- Stay close and supervise children at all times around water, even in paddling pools.

- Be aware of currents and hidden dangers like rocks, debris or sudden drops in depth.

- If someone is in trouble in the water, call 999 immediately—do not enter the water yourself. Use the 'float to live' advice: lie on your back and stay calm.

Let's enjoy the sunshine safely and help our children do the same.

Teacher Appreciation Day

This week we celebrated Teacher Appreciation Day. I want to take this opportunity to say how proud I am of the incredible staff at Priory. Our team consistently go above and beyond to support, inspire, and nurture every single pupil. Their compassion, commitment, and determination are truly what makes Priory such a special place to learn and grow.

Thank you for continuing to support us in everything we do.

Attendance

Weekly attendance percentages - W/C 16th June

Whole School - 93.51%

Year 1 - 94.5%

Year 2 - 95.4%

Year 3 - 95.5%

Year 4 - 92.5%

Year 5 - 92.5%

Year 6 - 93.4%

Congratulations to Pear with 100% the highest attendance this week!

Peek at the Week

Nursery– 20th June 2025

Learning Together 'play and stay sessions': 30th June and 3rd July

(please refer to individual times sent out on invite letter)

Sports Day: 10th July
10am and 1pm

Our Learning

Personal, Social & Emotional Development

As it has been so lovely and hot this week, we have been talking with the children about how to stay safe in the sun whilst they are in nursery.

We have reminded them to:

1. Stay in the shade
2. Wear a hat
3. Drink lots of water

[Tips for staying safe in the sun - CBeebies - BBC](#)

Communication & Language Development

This week we have been listening and acting on instructions. We have been playing games that include information carrying words such as: 'stand up, clap 2 times and then sit down' or 'give the red car to me' etc. You can play these games at home with your child, using their name first will help them focus and listen more attentively to you.

Physical Development

Our scooters are very popular in nursery. They are great for 'building strength, balance and co-ordination'. Children are developing strong bones and muscles as they use their bodies to move the scooter along.

We had fun taking part in Race for Life.

We cheered our friends on as they ran laps of the nursery garden. Please don't forget to donate to this important charity.

<https://fundraise.cancerresearchuk.org/page/sandys-giving-page-606>

Child of the week: All of our nursery children for racing and cheering their friends during our Race for Life Celebration.

Please share this video and encourage your child to watch and sing along. 'The sun has got his hat on!'

Peek at the Week–Reception

20/06/25

On Tuesday, we took part in Priory Race for Life! The children had a fantastic time wearing either pink or blue, and racing around the mile a day track. A big thank you to all the parents who donated! You can still donate using the link below:

<https://fundraise.cancerresearchuk.org/page/sandys-giving-page-606>

This week we say a big goodbye to Miss Green, who leaves to have her baby! We put our maths skills to good use when we all voted if we thought the baby would be a boy or girl (25 to 31!) Hopefully we won't have to wait too long to find out if we were right!

We are anticipating very warm weather next week. Please ensure your child has their water bottle and a sun hat to wear. Please apply sun cream before arriving at school.

Events coming up:

Monday 30th June–Learning Together, 2.30 pm

Monday 7th July–Learning Together, 2.30 pm

Wednesday 9th July–Sports Day

Tuesday 15th July–11am Join your child for a story in the garden.

Monday 21st July–Reception Graduation

Reception song of the week:

[Here Comes the Sun](#)

Well done to our stars of the week!

Peek at the Week

Year 1 – 20th June 2025

Important Dates / Reminders

Learning together morning
(Parents will be notified if this applies to you)
Thursday 3rd July 09:00 – 09:30am

Sports day – Wednesday 9th July –
09:45 – 11:45am

Please can all book bags be brought in on Thursdays and Fridays so library books and reading books can be changed.

Homework

- Please read with your child for at least 15 minutes a day and record it in their reading diary.
- Focus core math skill: **full turn, half turn, quarter turn**
- Please log on to numbots

As the weather is getting warmer, please ensure your child comes to school with a **sunhat** and a **water bottle** each day. The children are also thoroughly enjoying the water play equipment, which means they may get a little wet during the day. If you would like your child to change into dry clothes afterwards, please send in a set of **spare clothing**.

Thank you for your support!

Our Learning - This week:

Race for Life! The children had a wonderful time completing the Priory Race for Life. Not only was this a fun experience with running, music and laughter, but the children helped raised awareness and money for cancer research. If you would like to make a donation to the Race for Life charity, please click on the link below:

<https://fundraise.cancerresearchuk.org/page/sandys-giving-page-606>

This week in maths, the children have continued learning about positional language, this week adding the terms quarter turn, half turn, three quarters turn and a full turn. Children have been observing movement of objects and explaining whether they have moved a full turn, a half turn or a quarter turn. Maybe they could try this at home!

In English this week, we designed our own plants! We then used lots of adjectives to describe them in a letter to Joe, the main character in our class book 'The Extraordinary Gardener'. The children thought of lots of wonderful ideas and fantastic adjectives to describe their plant such as '*amazing*' '*spikey*' '*fluffy*' and '*flexible*'.

Star of the week

Peek at the Week

Year 2 – 20th June 2025

Important Dates / Reminders

25.06.25 Y2 Beale Park trip

9.07.25 Sports Day 9.45–
11.45

Since the weather forecast is warm for next Wednesday 25th June, we are planning to give the children the opportunity to go in the paddling pool at Beale Park, as we have done in previous years. Could you please make sure your child brings a small rucksack to the trip with the following:

- a towel
- swimming costume/shorts
- a plastic bag to put the wet items in afterwards
- a water bottle
- a waterproof coat

Can you also please make sure that they have a cap and have had sun cream applied in the morning before coming into school. They will also have an additional drink and packed lunch from the school kitchen.

The children do not need to wear their school uniform on this trip and can wear their own clothes. We suggest comfy shoes, as there is plenty of walking, and practical clothes for climbing and playing in. They will need to get themselves into their swimwear and then changed again afterwards so please practice this at home with your child if they are not already confident in doing this independently.

Child of the Week

2Newton: Mannat

2Franklin: Amelia

Our Learning

This week, the children have enjoyed learning to measure in centimetres and metres in maths. In English, we have written a group poem based on: The Sound Collector by Roger McGough. We walked around the school 'collecting' sounds to inspire our writing. In science we have been

learning about the food chains in different habitats by: each representing a plant or animal and arranging ourselves in a human food chain, making paper chain food chains and also cutting and sticking pictures in our books. In art we have been studying and replicating the patterns found in different buildings.

Next week, we will be looking at addition and subtraction fact families in maths. In English, we will be basing our writing around the poem: The Treasures by Clare Bevan and exploring the idea of natural treasures. In science, we will be looking at micro-habitats and we will be working in groups to make our own shoebox micro-habitats for minibeasts.

We would be very grateful for any shoebox donations please, by Tuesday 24th June at the latest. Thank you.

Peek at the Week

Year 3– 20th June 2025

Important Dates / Reminders

03.07.25 Year 3 Learning Together morning
 04.07.25 Year 6 Summer Fair–children may bring in money to spend.
 09.07.25 Year 3 Sports Day 3 9:45am-11:45am
 23.07.25 Last day of term–Finish at 1:30pm

HOMEWORK

Please read with your child for at least 15 minutes every day and record this in their reading record. Ideas for reading at home can include reading a library book, a book from school or home, reading a bedtime story or following a recipe among other opportunities! Books can also be read online at <https://www.collinshub.co.uk/login/>

Please practise number bonds and multiplication tables with your child. Times Tables Rockstars: <https://ttrockstars.com/>

Our Learning

This week, we have been learning about Greek pottery and the patterns and pictures that were used to decorate them. In maths, we have been learning about different types of angles. In English, we continued to read the story of Theseus and the Minotaur. On Friday, we experienced life in ancient Greece by taking part in a mini Olympics, battling our way through the Minotaur's maze, playing a Greek board game and creating a piece of art inspired by Greek temples. Photos coming soon!

Next week, we will continue to explore the properties of shape in maths lessons. In English, we will continue to explore Greek myths with a focus on 'Theseus and the Minotaur'. We will also be making Greek pots out of clay. We are really excited about having the opportunity to watch the Year 6 Production of 'Peter Pan'!

01628 600300

Year 4 Peek at the Week

Friday 20th June 2025

Important Dates /Reminders

Wednesdays: wear the correct PE uniform to school. Please bring in a water bottle.

Fridays: Spelling test. Please remember to read at least three times a week and record it in the reading record. Your child also need to be practising their times tables as much as possible.

Race for Life

Our Learning

This week in English, the children have been writing their Whale stories. We have been focusing with the children on how to be cohesive and ensuring that they don't repeat themselves.

In Maths, the children have been looking at the value of digits in decimal numbers. They have then been rounding the numbers to the nearest whole number.

In D.T, the children have evaluated their buzzer games and thought about what we would do differently next time.

Next week, in English, we are going to be starting to look at what makes a good holiday brochure and what makes the holiday appeal to the reader.

In Maths, we are looking at money. The children are going to be comparing amounts of money and estimating amounts of money.

In the afternoons, we will be starting to look at science and hearing. The children will be learning about how sound travels and how we hear sounds at different volumes.

Child of the week:

4Turing: Hanshal

4Chamberlain: Rosie

4Lovelace: Natalie

Remember to read 3 times a week and practise your timetables on Rockstar Maths.

Contact us: year4@priorschool.com 01628 600300

Year 5 Peek at the Week

Friday 20th June 2025

Important Dates / Reminders

23rd June: Burnham Grammar School Trip

4th July: Summer Fayre

9th July: Sports Day

17th July: Reports go home

Our Learning

This week, we started our science unit on plants and animals. Here we explored the differences and similarities between the animal and plant kingdoms.

In maths, we started our new unit, negative numbers. We focussed on understanding negative numbers and counting in 1s and multiples.

In English, we wrote our own balanced argument, on one of the following questions:

Are we too dependant on computers?

Would life be better without technology?

Can robots replace teachers?

We kept our arguments balanced by using research that helps us to form points, both for and against!

Next week, we will continue with our science unit with an eco-friendly eye: we will learn about life cycles and explore the importance of bees. We will also learn about scientists that dedicate their lives to conservation.

In maths, we focus on practical lessons and end of year assessments.

In English, we will start our new topic, power of reading with a focus on a new book called "Street Child".

We investigated how plants grow from cuttings.

PSHRE Focus: In PSHRE this term, we are on our last JIGSAW unit 'Changing Me' where we will learn about self-image, puberty and coping positively with change. Towards the end of the unit, we will start preparing ourselves for the year ahead by focussing on building healthy relationships and learning the skills required to develop resilience, assertiveness and self-respect.

Child of the week

5Dawe: **Jayaan** 5Maple: **Fatima** 5Ofili: **Preston**

Word of the Week: **temperature**

Important Dates

Apple Class TVAP visits

Every Wednesday morning—please remember pack lunches and spare clothes!

Cherry Class Swimming:

Every Thursday morning—please remember towels and swimming clothes!

Learning Together afternoon

Thursday 3rd July : 2:15–3 pm.

Sports Day

Thursday 10th July : 1:15pm

We've had a fun-filled week packed with learning and creativity! The children have been exploring rhyming words that match the phonics phases they're working on. Our rhyme of the week was *"A Sailor Went to Sea"*, which everyone really enjoyed singing and acting out.

In maths, we've been learning about routines and telling the time. The children have been putting the days of the week and months of the year in order and starting to look at telling the time to the hour and half past. To make it extra fun, we did 1-minute exercise challenges! The children counted how many times they could do an activity in a minute, wrote it down, then tried to beat their score.

In the afternoons, we made the most of the lovely hot weather with water play, sensory activities, and arts and crafts. For our art project this week, the children looked at Heather Brown's surf art and used her work as inspiration to create their own sea and sunset watercolour paintings. They turned out beautifully and added a splash of summer to our classroom!

CELEBRATE!

Makaton sign:

Star of the week

Plum class: Ardsheer for coming up with many rhyming many words during his English activity!

Cherry class: Lalit for transitioning from school to swimming and back again.

Apple class: Theo for supporting and playing with his friends this week.

Pear class: Pasha for good listening during our community trip.

Race for Life

Thank you to all the staff for making the Race for Life such a success on Tuesday. Well done to the children as well for partaking and helping raise money for a good cause.

So far we have raised £700 but donations are still welcome and we greatly appreciate anyone who donates whatever they can.

Please follow this link if you would like to add a donation to Cancer Research: <https://fundraise.cancerresearchuk.org/page/sandys-giving-page-606>

Summer water safety

Accidents are mostly preventable with the correct knowledge and judgment and here are our tips to staying safe in the water during the summer:

To enjoy the water safely and make the right call...

- **Enter slowly and carefully**
Think carefully about your ability to splash or swim in cold outdoor water. 49% of those who lost their life were classified as swimmers*. Are you really a good swimmer?
- **Stay within reach**
Don't go too far and stay within a standing depth.
- **Always be supervised**
Over 70% of fatal accidents occur in the absence of professional supervision. Seek life guarded areas and always make sure some one is available to raise the alarm.

Summer is an amazing time to enjoy our beautiful waterways but we must be mindful that warmer weather is directly linked to an increase in fatal drowning incidents.

Rivers and Lakes/Lochs pose the greatest statistical risk as there are often hazards that the average person is equipped to handle and there is a lack of professional supervision.

In an emergency...

- **Call 999**
If you are at the coast, call 999 and ask for the Coastguard. Don't enter the water to rescue.
- **If you're in trouble FLOAT and call for help**
Fall in or become tired – stay calm, float on your back and call for help. Throw something that floats to somebody that has fallen in.

STOP AND THINK

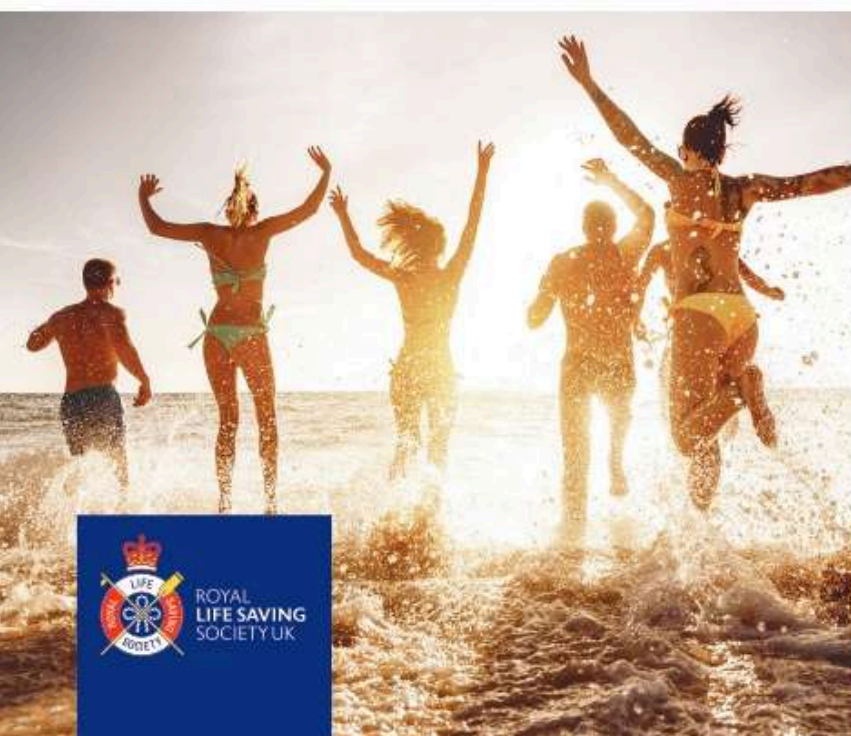

STAY TOGETHER

Year 5 SEND Roadshow

Are you a parent /carer or family member of a child in Year 5 with Special Educational Needs (SEND)?

Do you have any questions or do you want to find out about how pupils with SEND are supported in secondary schools in Slough?

If so please come along to our Year 5 Roadshow. There will be representatives from the Slough secondary schools and services that support parents carers and young people with SEND

We are holding an event on the 24 June 2025 at Arbour Park Stadium Arbour Park, Slough SL2 5AY between 1.00 and 3.30 pm

You will be made very welcome and we look forward to meeting you.

**For further information email:
ISSadmin@slough.gov.uk**

What Parents & Educators Need to Know about YOUTUBE KIDS

AGE RESTRICTION
4+

WHAT ARE THE RISKS?

INAPPROPRIATE CONTENT BYPASSING FILTERS

YouTube Kids is less likely to show inappropriate material than YouTube, but there have been reports of the app showing age-inappropriate content to young viewers. One investigation found that YouTube Kids had shown videos that promote skin bleaching, weight loss, drug culture and firearms to children as young as two, as inappropriate content had bypassed the platform's algorithms and human moderators.

18
CENSORED

BE WARY OF ADVERTISING

Like Google's regular YouTube app, YouTube Kids features pervasive advertising before a video plays. While these adverts are designed to be family friendly and are subject to a strict review process, it's worth noting that YouTube Kids collects information around children's viewing to inform targeted content and advertisements.

BUY NOW!

DESIGNED TO BE ADDICTIVE

YouTube Kids is designed to be addictive. The platform's design features, such as the constant stream of new videos and the reward system of points or virtual stickers, can be very engaging and make it difficult for children to switch off. Research has shown that spending too much time using digital services such as YouTube can lead to screen addiction, affecting children's daily routines, studies, and even their social lives.

SETTINGS CAN BE CIRCUMVENTED

YouTube Kids offers built-in parental controls, enabling you to set screen time limits and curate the content children are able to view; however, children are often more tech-savvy than we think. They can easily bypass or tweak these settings if they have access to the associated Google account password, thereby exposing themselves to age-inappropriate and potentially dangerous content.

AI-GENERATED MISINFORMATION

There is also a risk of children accessing videos that contain disinformation and misinformation. A BBC investigation found that some YouTube channels are using artificial intelligence (AI) technology to create misleading 'scientific' videos that are recommended to children as educational content. These videos included conspiracy theories and ideas that lack scientific backing.

DATA COLLECTION RISK

While there are limits on the data that YouTube can collect on children under 13, children can still inadvertently give away sensitive information when using YouTube Kids. The platform collects data on children's viewing habits, content searches and location, which YouTube and third-party advertisers can use.

Advice for Parents & Educators

PARENTAL CONTROLS

YouTube Kids offers several settings that allow you to manage what content children can view. For example, you can choose what level of content you want them to access, such as 'Preschool' or 'Younger'. You can also turn off the search function, so that only those videos approved by the YouTube Kids team themselves will appear on a child's recommendations list.

CHECK WATCH HISTORY

YouTube Kids has made it easy for you to keep an eye on what the children in your care have been watching on the app. By clicking on the 'Recommended' icon at the top right of the home screen, you can see which videos they've been viewing, and how much of each. If a child watches YouTube Kids while signed into a Google account, you can check their history through Google's 'My Activity' page.

SET TIME LIMITS

The built-in parental controls let you keep a tab on how long children spend watching videos. You can set a timer that limits screen time and disables the YouTube Kids app once a specified length of time has been reached. It's also worth speaking to children about the dangers of spending too much time on YouTube, to ensure they remain focused on other, more important activities.

WATCH TOGETHER

It's important that you try to make YouTube Kids a fun and positive experience for children. One way to do this is by introducing watching sessions, where you all gather around and share the most enjoyable videos that you have recently watched. This can be a great way of giving you both new things to talk about and of keeping an eye on what they're watching.

Special Educational Needs Disabilities

SEND-AID

SEND Advice and Information Sessions

Spring/Summer 2025

If your child has a Special Educational Need or Disability and you need some guidance, please book a 1:1 appointment at SEND-AID. SEND-AID officers can provide information on local SEND services, activities and support groups, education for children with SEND, financial support for SEND families, basic behaviour management, courses and workshops. SEND-AID can be accessed face-to-face, on- line or by telephone on the dates below.
